

Sherman Oaks Homeowners Association

LA COUNTY METROPOLITAN TRANSPORTATION AUTHORITY IS BUILDING TRANSIT THROUGH THE SEPULVEDA PASS METRO'S ALTERNATIVE 4 CONDEMNS NINE HOUSES & MUCH MORE ON DEL GADO DRIVE, SEPULVEDA, BLVD AND VALLEY VISTA *WE NEED YOUR SUPPORT TO STOP IT!*

This is from Bob Anderson, Transportation Committee Chair of the Sherman Oaks Homeowners Association (SOHA)
I'm a neighbor on Woodcliff Road – May have seen me on my daily walks

SEPULVEDA TRANSIT CORRIDOR PROJECT (STCP)

In 2017, Metro began this project without contacting our community first
It goes from the Westside through the Pass then through Sherman Oaks

One of Metro's route options, called **ALTERNATIVE 4**, has big noisy trains running
~30 feet above Sepulveda Blvd for 5 miles – In only the Valley – Not on the Westside

The **rendering** at the right and our 1-minute
video at https://youtu.be/rIBIACa_2NM
show what Alternative 4 would do to
our neighborhood and Sherman Oaks

**SOHA HAS WORKED SINCE 2018
TO STOP ALTERNATIVE 4
METRO WON'T LISTEN**

PROJECT MOVING FORWARD

Metro just released the Draft Environmental
Impact Report (DEIR) for the project

We now have facts on how Alternative 4 will
ruin our neighborhood and Sherman Oaks

Project info available on Metro website at:
<https://www.metro.net/projects/sepulvedacorridor/>

GIANT TUNNEL AND EMINENT DOMAIN ON DEL GADO DRIVE

Metro will bore 5-mile-long, 43-foot-diameter tunnel for Alternative 4 – **as big as a 4-story building** – Starting at Del Gado Drive and boring south to UCLA campus

Tunnel and tracks require **eminent domain** of these Sherman Oaks properties:

- 15355 Del Gado - 15360 Del Gado - 15363 Del Gado
- 15369 Del Gado - 15371 Del Gado - 15374 Del Gado
- 4330 Sepulveda - 4332 Sepulveda - 4340 Sepulveda
- Apartments, condos, & businesses between Sepulveda & 405, Valley Vista to Dickens

IS BUILDING TRANSIT THROUGH THE SEPULVEDA PASS
METRO'S ALTERNATIVE 4 CONDEMNS NINE HOUSES & MUCH MORE
ON DEL GADO DRIVE, SEPULVEDA, BLVD AND VALLEY VISTA
*WE NEED YOUR SUPPORT TO STOP IT!***

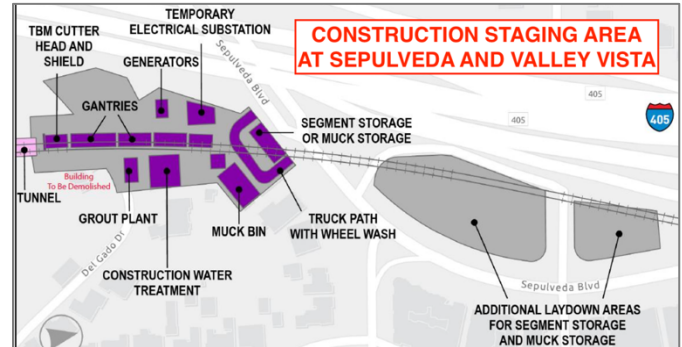

NOISY CONSTRUCTION WILL TAKE 5+ YEARS

Construction at Sepulveda and Valley Vista

Tunnel boring typically **24 hours a day**

1 million dump trucks of debris removed

Significant and unavoidable construction noise from at least Saugus Ave to at least Sherman Oaks Ave

**SEND AS MANY COMMENTS AS YOU CAN TO METRO
AT sepulvedatransit@metro.net BEFORE AUGUST 30TH**

Tell Metro to eliminate STCP Alternative 4 and how much and why you hate it:

- **Ugly** – The only Alternative with significant major aesthetic impacts
- **Noisy** – Needs sound walls to reduce operating noise on neighborhoods
- **Nuisance** – Trains pass every 1-1/4 minutes during rush hour
- **Traffic** – Giant track structures remove Sepulveda Blvd lanes
- **Unfair** – Only place in LA County Metro that would use these big elevated trains

ATTEND MEETING ON THURSDAY, JULY 3RD 6:30 TO 8:00 PM

Sherman Oaks Neighborhood Council Vision Committee meeting

Metro and Alternative 4 contractor Bechtel present design and answer questions

Sherman Oaks Library, 14245 Moorpark Street, Sherman Oaks

Arrive early – Large attendance expected – Limited parking

ATTEND MEETING ON MONDAY, JULY 21ST 5:30 TO 7:30 PM

Metro overview of project and environmental impacts – Presentation begins 6:00 pm

Sherman Oaks East Valley Adult Center, 5056 Van Nuys Blvd, Sherman Oaks
